Hi Phil,

Are you available for a phone conversation today or tomorrow AM?

I'd like to have a quick conversation about the Water Quality report and database. Let me know when you're free and I'll give you a call.

Thanks,
Dave

Please send it to Dennis McLerran.

Yes, all those people will get copies. Rseal is Bob Seal at USGS

Thanks.

Thanks Phil,

2 more questions:

- 1) Who is the primary recipient of the cover letter (you?, Parken?)?
- 2) I assume Jeff Frithsen, Glenn Suter, Hough Palmer and RSEAL (what is the full name here?) are in the Cc list.

Thanks,
Dave

Hi Dave,
Great to hear.

Can you send it to the following:
frithsen.jeff@epa.gov
suter.glenn@epa.gov
hough.palmer@epa.gov
rseal@usgs.gov
and me.

I would appreciate a hardcopy as well as digital. Everyone else has printing capacity that comes with large offices so can probably print it themselves.

A cover letter from Randy is probably better so as to add more officialdom to it, but nothing specific to cover than I can think of.

Looking forward to it.
Thanks,

Phil

Subject: TNC Water quality report and database

Hi Phil,

I hope your summer is going well.

We're closing in on completion of the final report and database from the water quality studies TNC conducted near the pebble deposit in 2009-2010. We expect to have a final product for delivery next week.

We're interested in delivering these to EPA in a form that will be most useful for your ongoing watershed assessment. I have a couple of questions:

- 1) Who should these go to?
- 2) Email, hard copy or both?
- 3) Anything specific we should include in a cover letter?
- 4) Is there any benefit of formal (e.g., signed by the State Director) vs. informal (e.g., letter from me)?

Thanks for your help.

Best,
Dave
